

Twipes pairs with Evolve Fitness to provide a fresher gym experience

Evolve Fitness is a safe, warm and friendly gym space designed to be more welcoming to guests than a typical gym to leave its clientele feeling confident in their workouts. Twipes paired with Evolve to provide wet wipes for wiping down equipment, freshening up after a workout and for use in the gym's bathrooms.

Staying clean

The public and active nature of gyms make them a great place for patrons to use Twipes to clean themselves and their equipment off both before and after a workout, particularly following Evolve Fitness' high-intensity interval training (HIIT) workouts. Twipes are also available in Evolve's restrooms so customers in need of a bathroom break can find the comfort they need in our truly flushable and truly biodegradable wet wipes.

The full experience

This partnership is a step towards enhancing the overall gym experience at Evolve Fitness. Both Twipes and Evolve Fitness are dedicated to improving the health and well-being of their communities. With the gym's dedication to fitness and Twipes' innovative hygiene solutions, members can look forward to an enriched and convenient workout experience.

A personal approach

Evolve Fitness's approach to fitness is personalized, just like the versatile use of Twipes, catering to everyone's personal hygiene needs, whether it's a light workout or an intense session.

Reinforcing positive feeling

At Evolve Fitness, trainers encourage gym-goers to feel good about themselves in their everyday lives. This goes hand-in-hand with Twipes' ideals, as users can feel good about their sustainable choice with Twipes, and can feel they are making an impact both on the planet and on themselves.
